Students will be responsible for researching and writing an 8 to 10 page paper, the focus of which shall be the explication of a particular social theory. After selecting the writings of a specific theorist, his/her ideas must be presented, explained and evaluated. Strengths and weakness should be analyzed and placed in context. Please make sure to read materials of the selected theorist(s). Evidence of these readings should appear in the paper.

Paper should be double spaced with no more than 1.25 inch margins. Font should be 10 or 12 TimesRoman.

The Course Grade will depend equally on the three (3) examinations, and the student's paper. (Value 25% each). Each examination will be awarded a letter grade based on a normal curve distribution. For purposes of the final grade, letter grades will be translated into a four point system with A = 4.00, A- = 3.67, A-/B+ = 3.5, B+ = 3.33, B = 3.0, etc. Class attendance and participation will be monitored and may be factored into the final grade when the student's performance is on the cusp between grades. Attendance is encouraged because examinations will include materials covered only in class.

(I would appreciate hearing from anyone who has a special need that may be the result of a disability. I am reasonably sure we can work out whatever arrangement is necessary, be it seating, testing, or other accommodation. Please see me after class, as soon as possible, if you have such a need.)
